

GARDEN JOINERY COLOURS

The Garden Trellis Company colour chart has been carefully selected using tones that will complement any garden setting.

We have taken into consideration the tones of buildings and natural colour values to ensure that they blend into any environment. If, however, you have another choice of colour in mind, we are able to provide a colour match service.

You can request a colour sample pack online at www.gardentrellis.co.uk.

Please note: The colours printed are a selection of the paint products used and may differ slightly from the actual colours due to the print process.
